Christmas Day (The North Wind) John Wheeler and William James

The north wind is tossing the leaves

The red dust is over the town
C D G

The sparrows are under the eaves
Am B7

And the grass in the paddock is brown
D G C G

As we lift up our voices and sing
Am D G

To the Christ child our heavenly king

The tree ferns in green gullies sway

The joy bells are greeting the day

And the chimes are adrift in the sky
D G C G

As we lift up our voices and sing
Am D G

To the Christ child our heavenly king
