

The Flesh Failures (Let The Sunshine In)

Galt Macdermot, Gerome Ragni, James Rado

Am

We starve, look at one another short of breath

Walking proudly in our winter coats
Wearing smells from laboratories

Facing a dying nation of moving paper fantasy

Listening for the new told lies

With supreme visions of lonely tunes

Am

Somewhere, inside something there is a rush of greatness

Who knows what stands in front of our lives

I fashion my future on films in space

Silence tells me secretly

Ev'rything, ev'rything

Am

Singing our space songs on a spiderweb sitar

"Life is around you and in you"

Answer for Timothy Leary, deary

Let the sun shine

Let the sunshine in

The sun shine in

Let the sun shine

Let the sunshine in

The sun shine in

This chorus a'capella

Let the sun shine

Let the sunshine in

The sun shine in

Let the sun shine

Let the sunshine in

The sun shine in
