

Thinking Out Loud

Ed Sheeran and Amy Wadge

D D/F# G
When your legs don't work like they used to
A
before
D D/F# G A
And I can't sweep you off of your feet
D D/F# G
Will your mouth still remember the taste of my
A love?
D D/F# G A
Will your eyes still smile from your cheeks?
And darling
D D/F# G A D D/F# G A
I will be loving you 'til we're seventy
And baby
D D/F# G A D D/F# G
My heart could still fall as hard at twenty three
A
And I'm thinking 'bout how
Em A D
People fall in love in mysterious ways
Em A
Maybe just the touch of a hand
Em A Bm
Well me I fall in love with you every single day
Em A
And I just wanna tell you I am

So honey
D D/F# G A D D/F#
Now take me into your loving arms
G A D D/F#
Kiss me under the light of a thousand stars
G A D D/F#
Place your head on my beating heart
G A
I'm thinking out loud
Bm A G D G A D
That maybe we found love right where we are

D D/F# G A
When my hair's all but gone and my memory fades
D D/F# G A
And the crowds don't remember my name
D D/F# G A
When my hands don't play the strings the same way
D D/F# G A
I know you will still love me the same

'Cause honey
D D/F# G A D D/F# G A
your soul could never grow old, it's evergreen
And baby
D D/F# G A D D/F# G
Your smile's forever in my mind and memory
A
I'm thinking 'bout how

Em A D
People fall in love in mysterious ways
Em A
Maybe it's all part of a plan
Em A Bm
Well I'll just keep on making the same mistakes
Em A
Hoping that you'll understand

But baby
D D/F# G A D D/F# G
Now take me into your loving arms
A D D/F#
Kiss me under the light of a thousand stars
G A D D/F#
Place your head on my beating heart
G A
Thinking out loud
Bm A G D G A D
That maybe we found love right where we are
So baby
D D/F# G A D D/F# G
Now take me into your loving arms
A D D/F#
Kiss me under the light of a thousand stars
G A D D/F#
Place your head on my beating heart
G A
Thinking out loud
Bm A G D G A D
That maybe we found love right where we are
Bm A G D G A D
Oh baby we found love right where we are
Bm A G D G A D
And we found love right where we are
